*inspired  
by vision*

## A LEGACY OF QUALITY

### IN HONOUR OF OUR VISIONARY FOUNDER

With unwavering passion and timeless vision, our founder redefined elegance in every drop.  
His legacy lives on in every faucet we craft, where design meets purpose  
and excellence flows endlessly.

Inspired by Industry stalwart Late Shri. Raj Kumar Khanna, SOLYSS began manufacturing bathroom faucets in 1960, during the industry's infancy. Driven by innovation and passion, he set new benchmarks in quality and craftsmanship, pioneering modern manufacturing practices long before they became industry standards. His forward-thinking approach transformed our brand and ushered in a new era of faucet design in India.

Every product in our collection reflects our commitment to crafting durable, elegant solutions for modern spaces. This lookbook showcases excellence, transforming everyday bathroom spaces into refined experiences.

[www.solyss.com](http://www.solyss.com)

*Technology can only  
be experienced*

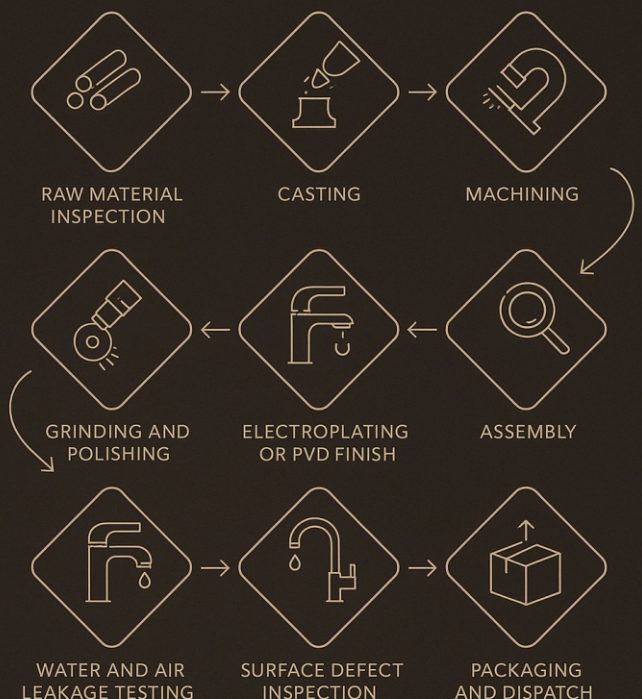

**PRECISION PERFECTED:** Our manufacturing process utilizes state-of-the-art CNC machinery, ensuring unmatched precision, flawless detailing, and consistent quality. The setup includes CNC turning and machining centers, semi-automatic tapping and drilling machines, automatic core shooters, high-end furnaces, precision buffing and polishing machines, and automatic air and water testing machines.

**DRIVEN BY INNOVATION:** We use world-class technology that meets global standards, blending engineering excellence with modern automation to deliver faucets that perform flawlessly.

**ENGINEERED FOR EXCELLENCE:** Combining cutting-edge CNC machining with rigorous quality protocols, we create faucets that embody durability, innovation, and timeless design.

## QUALITY TEST PROCEDURES FOR FAUCETS

# Deep Dive In Our Components & Finishes

Soft Water Flow

Advanced Water Saving Flow Regulator

## AERATORS

- Devices that mix air with water to give a soft and splash-free flow.
- Our integrated honeycomb-structured aerator, provides lime build-up protection
- Integrated anti-clogging dome screen of the aerator filters sediments and dust particle

Higher Longevity

Operates Smoothly

Optimum Flow and Temperature

## CARTRIDGES

- Solyss's cartridges are half a million cycle tested to give a longer and trouble free operating life of up to 20 years (considering 60-70 operations per day)
- Wide angle of lever provides extra comfort and flawless, smooth operation.
- Works smoothly even at high temperatures (85 degrees) and in various pressures.
- Recognised and approved by national bodies NSF-USA, ASME-USA, WRAS-UK, ACS-FRANCE.

Higher Durability  
(0.3µ Chrome + 10µ Nickel)

## CHROME FINISH

- Upper shiny protection layer provides a mirror finish to every faucet.
- High plating thickness (Nickel: 10 microns and Chrome: 0.3 microns) provides tolerance to extreme climate and water conditions.
- 450+ hours of salt spray test ensures our finishes are highly durable and corrosion resistant for a much longer time.

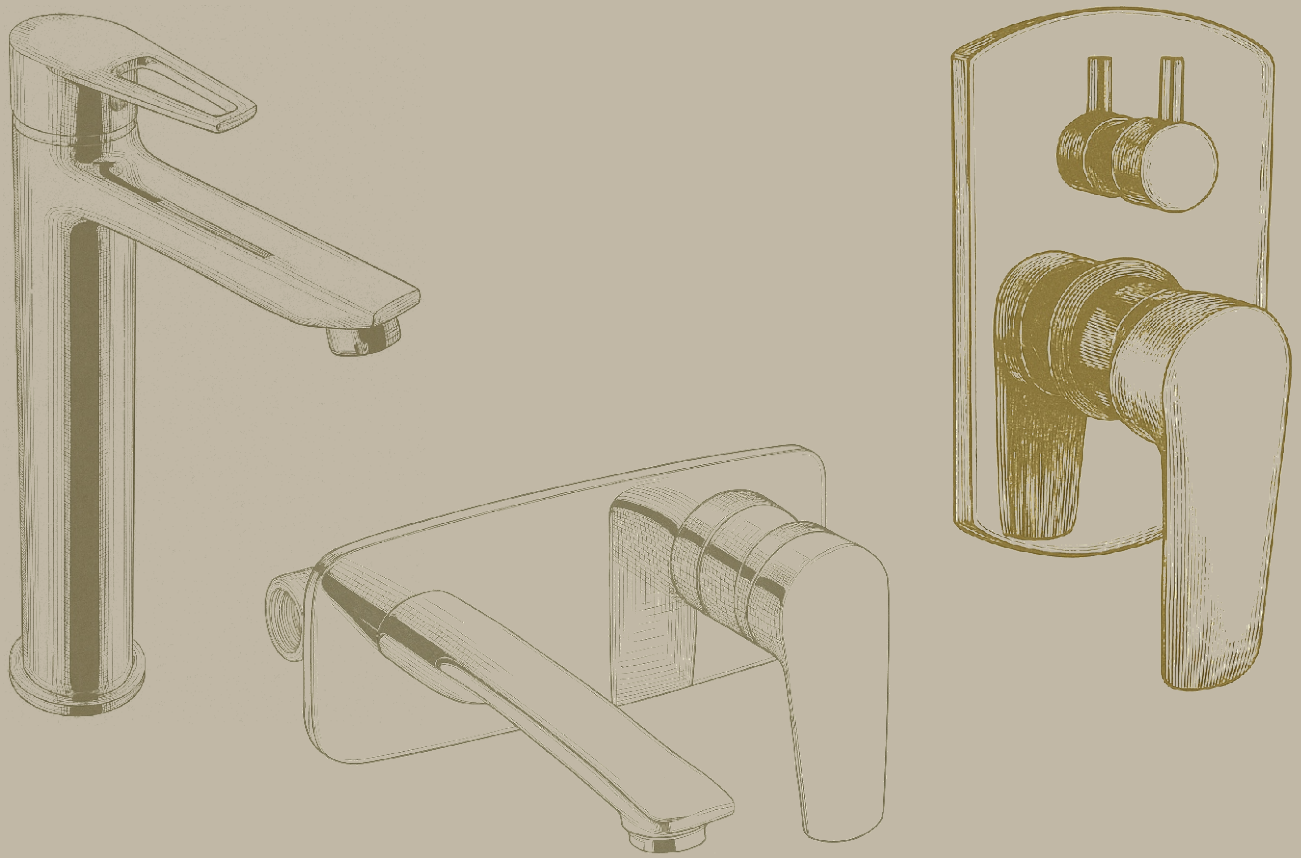

Unmatched Warranty

## 10 YEARS ON SITE WARRANTY

Solyss's range of products are so precision-engineered and made to such exacting quality standards that they come with a 10 Year Warranty. Offering customers complete peace of mind.

**Luxury That Lasts – With 10 Years of On-Site Assurance,  
You Invest in More Than Just a Faucet.  
You Invest in Peace of Mind.**

# *Faucets*

**"FAUCETS THAT FLOW WITH FINESSE"**

Crafted with precision, our faucets offer smooth water flow, long-lasting durability, and a flawless finish. Whether modern or classic, each faucet is designed to elevate your bathroom with style and performance.

We offer a wide range of faucets to suit every need and budget, from high-quality affordable options for everyday use to premium luxury designs that make bold statements. .

# FLORENCE SERIES

**FL - 2230**  
High flow diverter with  
exposed parts  
(Comes with premium  
diverter body)

**FL - 2011**  
Single Lever Basin Mixer Tall

**FL- 2240**  
Concealed basin mixer with  
exposed parts  
(Comes with premium  
diverter body)

**FL- 1190**  
Bath spout

**FL - 1060**  
Angular stop cock with  
flange

**FL- 1381**  
Two way bib cock with wall  
flange

**FL - 1050**  
Exposed part kit for  
concealed stop cock  
(Suitable For CP - 1050)

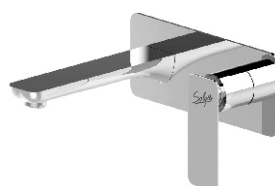

# AZURA SERIES

**AZ - 2230**  
High flow diverter with  
exposed parts  
(Comes with premium  
diverter body)

**AZ - 2011**  
Single Lever Basin Mixer Tall

**AZ - 2240**  
Concealed basin mixer with  
exposed parts  
(Comes with premium  
diverter body)

**AZ - 1190**  
Bath spout

**AZ - 1060**  
Angular stop cock with  
flange

**AZ - 1381**  
Two way bib cock with wall  
flange

**AZ - 1050**  
Exposed part kit for  
concealed stop cock  
(Suitable For CP - 1050)

# AURA (15mm Disk)

**AU - 1020**  
Bib cock with flange

**AU - 1030**  
Bib cock long body with flange

**AU - 1010**  
Pillar cock

**AU - 1010A**  
Pillar cock high neck

**AU - 1450**  
Pillar cock extended

**AU - 1381**  
Two way bib cock with wall flange

**AU - 1060**  
Angular stop cock with wall flange

**AU - 1410**  
Two way angular stop cock with wall flange

**AU - 2010**  
Single Lever Basin Mixer with  
450mm long braided hoses

**AU - 2011**  
Single Lever Basin Mixer  
Extended with 600mm long  
braided hoses

**AU - 1100**  
Centre Hole Basin Mixer with  
450mm long Braided Hoses

**AU - 1090**  
Sink cock with wall flange

**AU - 1080**  
Swan Neck

**AU - 1160**  
Sink Mixer Wall Mounted  
with Regular Swinging Spout

**AU - 1141**  
Wall mixer with bend with  
provision for overhead  
shower

**AU - 1140**  
Wall mixer with crutch with  
provision for hand shower

**AU - 1150**  
Wall mixer 3 in 1 with  
provision for both overhead  
and hand shower

**AU - 2240**  
Exposed parts for concealed  
basin mixer with casted  
spout (Suitable for CP - 2240)  
**AU - 2241**  
Exposed parts for concealed  
pillar cock with casted  
spout (Suitable for CP - 2241)

**AU - 2230**  
Exposed part kit of Single  
Lever Project Diverter  
(Suitable For CP - 2230)

**AU - 2231**  
Exposed Part Kit of Single  
Lever High Flow Diverter  
(Suitable For CP - 2231)

**AU - 1050**  
Exposed part kit for  
concealed stop cock  
(Suitable For CP - 1050)

**AU - 2190**  
Exposed Part Kit for flush  
cock  
(Suitable For CP - 2190)

**AU - 2310**  
Single lever sink mixer table  
mounted with swinging spout

**AU - 2310F**  
Single lever sink mixer table  
mounted with flexible pipe

**AU- 1090F/1080F**  
Sink Cock with Flexible  
Swinging Pipe  
**Swan Neck Flexible Also  
Available**

**AU - 1160AF**  
Single lever sink mixer wall  
mounted with flexible pipe

**AU - 1160F**  
Sink mixer wall mounted with  
flexible spout

**AU - 1190**  
Bath Spout with Wall Flange

**AU -1200**  
Bath Spout with Button  
Attachment for Hand Shower  
with Wall Flange

# ARC (15mm Disk)

**AR - 1020**  
Bib cock with flange

**AR - 1030**  
Bib cock long body with flange

**AR - 1010**  
Pillar cock

**AR - 1450**  
Pillar cock extended

**AR - 1381**  
Two way bib cock with wall flange

**AR- 1060**  
Angular stop cock with wall flange

**AR - 1410**  
Two way angular stop cock with wall flange

**AR - 2010**  
Single Lever Basin Mixer with 450mm long braided hoses

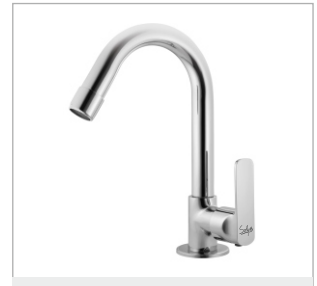

**AR - 2011**  
Single Lever Basin Mixer  
Extended with 600mm long  
braided hoses

**AR - 1100**  
Centre Hole Basin Mixer with  
450mm long Braided Hoses

**AR - 1090**  
Sink cock with wall flange

**AR - 1080**  
Swan Neck

**AR - 1160**  
Sink Mixer Wall Mounted with  
Regular Swinging Spout

**AR - 1141**  
Wall mixer with bend with  
provision for overhead  
shower

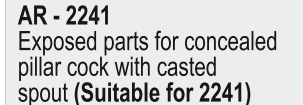

**AR - 1140**  
Wall mixer with crutch with  
provision for hand shower

**AR - 1150**  
Wall mixer 3 in 1 with  
provision for both overhead  
and hand shower

**AR - 2240**  
Exposed parts for concealed  
basin mixer with casted  
spout (Suitable for CP - 2240)

**AR - 2241**  
Exposed parts for concealed  
pillar cock with casted  
spout (Suitable for 2241)

**AR - 2230**  
Exposed Part Kit of Single  
Lever High Flow Diverter  
40mm  
(Suitable For CP - 2230)

**AR - 2231**  
Exposed part kit of Single  
Lever Super High Flow  
Diverter 46mm  
(Suitable For CP - 2231)

**AR - 1050**  
Exposed part kit for  
concealed stop cock  
(Suitable For CP - 1050)

**AR - 2190**  
Exposed part kit for flush  
cock  
(Suitable For CP - 2190)

**AR - 2310**  
Single lever sink mixer table  
mounted with swinging spout

**AR - 2310F**  
Single lever sink mixer table  
mounted with flexible pipe

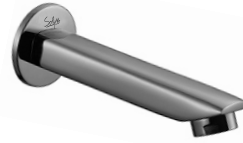

**AR - 1090F/1080F**  
Sink Cock with Flexible  
Swinging Pipe  
Swan Neck Flexible Also  
Available

**AR - 1160F**  
Single lever sink mixer wall  
mounted with flexible pipe

**AR - 1160F**  
Sink mixer wall mounted with  
flexible spout

**AR - 1190**  
Bath Spout with Wall Flange

**AR - 1200**  
Bath Spout with Button  
Attachment for Hand Shower  
with Wall Flange

# LUGANO (15mm Disk)

**LG - 1020**  
Bib cock with flange

**LG - 1030**  
Pillar cock

**LG - 1010**  
Pillar cock extended

**LG - 1381**  
Two way bib cock with wall flange

**LG - 1160**  
Angular stop cock with wall flange

**LG - 1410**  
Two way angular stop cock with wall flange

**LG - 2010**  
Single Lever Basin Mixer with 450mm long braided hoses

**LG - 2011**  
Single Lever Basin Mixer Extended with 600mm long braided hoses

**LG - 1141**  
Wall mixer with bend.

# *Thermostatic Diverters*

**"SWITCH SMART. SHOWER SMARTER"**

Our thermostatic diverters offer the perfect blend of safety, comfort, and precision. Engineered with advanced technology, they maintain a consistent water temperature, protecting you from sudden temperature fluctuations. With intuitive controls, users can effortlessly switch between outlets—overhead showers, hand showers, or body jets—while enjoying the luxury of perfectly balanced water flow.

Ideal for modern bathrooms, thermostatic diverters bring spa-level control and peace of mind to your daily routine.

### Rapid Response

When the cold water supply is suddenly interrupted, the control device will react quickly and automatically shut off the mixed effluent function to prevent scald.

### Precise Temperature Control

Designed with gear reduction tuning structure, comfortable operation

### Cool Touch Technology

The Cool Touch Technology increase the security, ensure users won't be scalded by hot surface of body.

### Safety Lock Technology

Built-in 38°C safety lock to prevent misuse and avoid burns.

### Water Temperature Stability

Even if water pressure fluctuates or the hot water temperature is too high, the outlet temperature of the constant temperature faucet will remain constant and enjoy a comfortable bath.

### Hot And Cold Water Control

Technology enables adjusting temperatures freely by turning.

# *Body Jets*

**"DRENCH. DRIFT. DETOXIFY. EVERYDAY HYDRO - LUXURY"**

Our Body jets are your customizable hydrotherapy. The adjustable spray angles, pressure levels, and multi-mode settings (normal, massage, mist) let users precisely target muscle groups for therapeutic relief—perfect for post-workout recovery or everyday relaxation.

The targeted jets enhance blood circulation, effectively rinse soap and impurities, and may reduce muscle tension making daily showers more functional and refreshing.

# *Health Faucets*

**“HYGIENE MEETS COMFORT—EVERY SPLASH, PURELY PRECISE”**

Easily mounts near any toilet with angle valves; start cleaning with a quick press on the trigger, and stop instantly when done. Perfect for women (especially during menstruation or postpartum), elderly users, people with mobility challenges and children .

Beyond personal hygiene, it can clean pets, rinse the bathroom floor and more - making it a versatile tool for daily needs

# *Concealed Parts*

**“STYLE OUTSIDE, POWER INSIDE.”**

Concealed parts for bathroom fittings are the hidden components installed inside the wall, responsible for controlling water flow and temperature. They ensure a clean, clutter-free look by keeping only the trim (handles, plates, spouts) visible.

These parts include diverter bodies, thermostatic cartridges, and concealed valves, designed for durability, leak protection, and seamless integration with modern bathroom aesthetics.

# *Allied Products*

**“THE LITTLE THINGS THAT MAKE BATHROOMS FLAWLESS.”**

Allied products may look small, but they are the unsung heroes of a bathroom.

Angle valves regulate water supply efficiently and make maintenance easy.

Bottle traps ensure smooth drainage while preventing foul smells from entering the bathroom. Channel drainers add aesthetic value to the bathroom by their liner looks and also ensure faster drainage of water.

Other fittings like flexible hoses, connectors, and waste couplings enhance functionality and durability. Together, these products form the backbone of a bathroom setup — ensuring leak-free performance, hygiene, and long-term reliability behind the scenes.

## **CARE INSTRUCTIONS FOR CHROME & PVD PRODUCTS**

- The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water droplets.
  - It is important to use a dabbing action to dry metal, not a rubbing action. Cleaning with a damp sponge & buff drying should keep your faucet looking beautiful.
  - Most toilet cleaners have high acidic content which can damage the finish, hence they should not be used to clean chrome and PVD Finishes.
  - If limescale has built up on your product do not attempt to chip this off as this could damage the layer of finish. Several applications of lemon juice and then pouring hot water on the same followed by drying with a cotton cloth will wash away most of the limescale deposition. This activity should be followed atleast once in 15 days.
- 

## **CLEANING OF CLOGGED AND BLOCKED SHOWERS**

- It usually happens that showers get clogged due to limescale buildup and hard water.
- All Solyss showers are made up of pure silicone nozzles. If the nozzles get blocked due to hard water and limescale buildup simply rub your hands on the nozzles with a little force to remove all the limescale despotion.
- In order to clean ceiling mounted showers you can use a wiper and stroke the wiper many times on the nozzles to clear them of the buildup.
